The host university will contact the candidates to provide the final confirmation of acceptance and inform candidates of the enrolment procedures.

6. Obligations of Grant Recipients

- ✓ Stipulate travel insurance in case of delays or cancellations due to epidemics, pandemics, or other force majeure reasons;
- ✓ Inform oneself about the requirements to obtain a visa for the Host Country;

7. Exchange Terms and Conditions

7.1 Scholarship and Financial Support

Participating students will receive a scholarship of €1,500 per month, up to a maximum of € 3.000 for a duration of two months, including travel expenses. If the mobility period exceeds two months (60 days), the extra period is not funded by this program and will be recorded as zero grant mobility.

Students who are already at the host university through other mobility grant programs will receive funding under this program only after the other program and its financial support have concluded. For these students, the host university may proportionally reduce the amount of the grant awarded, in consideration of the absence of travel expenses.

In case of a lack of applications, mobility funds not assigned to students can partially cover extra mobility periods.

7.2 Academic Recognition and Access to Services

The IMPACT partnership commits to certifying course attendance and exams completed by participating students. The academic credits earned will be recognized by the home institution, according to its internal regulations.

Students will have access to all services and facilities generally offered to regular students at the host institution.

7.3 Tuition and Fees

Tuition and other course-related fees will be waived for participating students. Students are responsible for any additional expenses not covered by this agreement outside of the scholarship.

7.4 Insurance and Medical Assistance

Each institution participating in the IMPACT network is responsible for ensuring that its students have adequate accident and civil liability insurance for the duration of their mobility,

both incoming and outgoing, in accordance with Italian legislation. However, health insurance is not included. Students must independently secure adequate medical coverage for the mobility period if not already covered by international agreements.

8. Payment Methods

1. After both parties sign the financial agreement, the students undertaking only the TNE Mobility (both incoming and outgoing) will receive a first payment at the Bank at the arrival of the amount of € 999,00. The second payment will be paid on a bank account on SEPA circuit. Alternatively, the scholarship holder will be required to open a bank account in Italy (in this case please note that the students must close the bank account at least 15 days before he/she leaves Italy);
2. Students who are already at the host Italian university through other mobility grant programs and students with Italian Bank account will receive a first payment on the Italian bank account for the 60% of the total amount and the 40% at the end of the mobility;
3. Any grant will be paid after the receipt of the *Transcript of Records-TOR*. The support for PhD students will be provided upon submission of the essay for publication;
4. Alternative payment methods can be detailed in accordance with the specific internal regulations of the receiving institution.

9. Repayment of Grants

If the mobility period is shorter than the minimum limits set in Article 2, the participant will be required to repay the entire advanced grant.

The difference must be repaid if the advance payment amount exceeds the total grant calculated based on the actual mobility period. The participant will receive an email with repayment instructions.

If the participant fails to pass at least one of the exams listed in the Learning Agreement or its Amendment, they will be required to return the financial support received.

Participants in mobility for internships or thesis research must provide proof of attendance at the laboratory or internship. Failure to provide this certificate will require repayment of the financial support received.
